

APPLE TREE DENTAL

Access • Compassion • Excellence

Apple Tree Dental Oral Health Program

Apple Tree Dental offers a comprehensive Oral Health Program designed to serve your needs as a resident. Maintaining good dental care is important in all stages of life and for overall health!

Apple Tree's On-Site Dental Program:

- Provides a team of skilled dental professionals.
- Provides comprehensive dental care for residents using Apple Tree's fully equipped Mobile Dental Office.
- Schedules visits throughout the year, within the comfort of your facility, based on your needs.
- Delivers preventive and restorative dental services, including:

- Cleanings
- Fluoride
- Exams
- X-rays
- Fillings
- Crowns
- Bridges
- Extractions
- Root Canals
- Dentures
- Denture Relines and Repairs

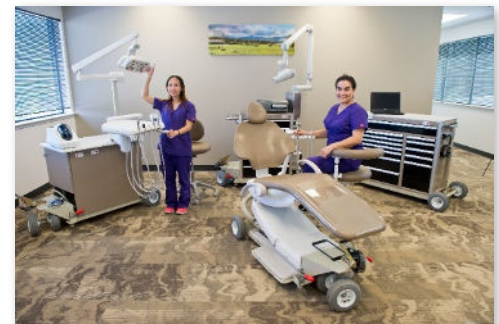

Apple Tree's On-Site Dental Program:

To begin receiving dental care on-site at your facility, complete the registration forms available with facility staff. Once you're registered, Apple Tree will coordinate your exam and preventive dental visit. If follow-up care is recommended, we will provide a treatment plan for you (or your Designated Representative) to review and sign prior to treatment. **We accept most types of dental insurance, including Medical Assistance, and have options for patients without insurance.**

If you have an urgent need, we will arrange for you to be seen at one of our Centers for Dental Health.

To learn where our Centers are located, and more about Apple Tree Dental, visit our website:
